

## Plug Cutter / Tenon Maker

Our Plug Cutters are an excellent choice to produce perfect matching *plugs* for several of our Bormax Forstner Bits.

In simple terms, a TENON is a projecting member left by cutting away the wood around it and made to insert into a matching mortise to secure the parts together. DIMAR's Plug Cutters/Tenon makers and Bormax Forstner Bits are premium quality tools Made in Germany. They will produce precise rods from a wide variety of timbers.
